2.) We contact you

- Thank you for your interest!
- Discuss in deep, how your subject can be an online course
- Our multimedia experts will design with you together the course
- We put the course on our portal and it would be nice, if you as a teacher give at least 1-2 Live sessions in the course
- First Courses are expect like in 2-3 years to go online
- Stay Connected with us

We create also some extra materials in an unique teaching style for your course and students

3.) What material is needed for an online course?

- At least, PDF/Word Documents about the subject
- Motivation, Time & Endurance
- Our media experts will visually enhance your study material and make also videos out of it, which are simple to understand
- When the course is finished, you get also a complete copy of the enhanced course materials for your personal use.

Adapt Knowledge in Daily Living

Inspire other people

4.) Are there student fees?

- We are an NGO, so we are not profit-oriented.
- However, when the courses bring in some fees/Dakshina, the costs of the hosting platform will be paid
- If more money than this is earned, it is collected for inviting scholars / talks on various subjects

4.) Still questions?

➤ Just write us over the formula, we are happy to hear from you

Ps: If you find our magical Cookie strange, explain how this vast Maya is less strange.

Our magical Cookie will answer you as soon as possible.
